

# 13 Lemurian Grandmothers Guidance

:: Accessing Wisdom of the Elders ::

Resonating now with the **13 moon cycles & dimensions**, we join the **13 Lemurian Grandmothers** in prayer & acknowledge **WATER** as the eternal language, the essence of the light codes in our system that carry **Star Messages**. The Ancient Ones circle up in ceremony above our heads, speaking through tree bark & whispering sweet sounds through the breeze. The fire circle opens a portal above through the heavens to the beyond-the-beyond, so that those in other realms may join with us. You Grandmothers guide us to **merge peacefully with the elementals & Mother Earth**. The ancients are happy. You show how to follow the call of Spirit in our hearts...  
humble, generous, strong, reveling in protection.  
We long to sit near you and feel your **LOVE**.
